STATE PENSION · CREDITS FOR FAMILY CARERS

Looked after a grandchild? Those weeks can land on your record.

Each week of Child Benefit brings the parent a week of National Insurance. If they worked all year, those weeks can move to you — if you live here.

THE FULL PENSION, A WEEK

£241.30

A full working life of National Insurance gets that today. 35 years reaches it only if your record started after April 2016; contracted out, more.

> Fewer than 10 UK years? EEA contributions can still make you eligible.

WHO GAINS NOTHING

1

No UK home, no credit: a grandparent who came for the summer and flew home gets nothing. Nor do you, if you worked all year. One credit per Child Benefit claim: grandad takes it, grandma cannot.

> The child had to be under 12, you 16 or over, under State Pension age.
