SELF ASSESSMENT · BUDGET PAYMENT PLAN

Self-employed? Start putting it aside now.

Self Assessment is the tax return you fill in yourself for HMRC. You can put money aside for the tax on it weekly or monthly, by Direct Debit. You need your Government Gateway sign-in and your UTR.

NOT ONE DATE, TWO

2 dates

What you have put aside comes off the bill, but the dates do not move. The rest is due by 31 January 2027, and any second payment on account by 31 July 2027.

> Budget for both dates. You can pause payments for up to 6 months.

WHO CANNOT USE IT

up to date

You have to be up to date with the payments from your last Self Assessment bill. Miss one and the plan does not open — that route is Time to Pay, for tax already overdue.

> Self Assessment only. Not for tax taken straight out of your wages.
