SELF ASSESSMENT · 31 JANUARY 2027

You can pay the tax in instalments, before it is due.

HMRC runs a plan that lets you put money aside weekly or monthly by Direct Debit, towards the bill that is coming. It is called a Budget Payment Plan and you set it up yourself, inside your HMRC account.

THE DEADLINE DOES NOT MOVE

31 Jan

What you have put aside comes off the bill. If it does not cover all of it, the rest is still due by 31 January 2027. If you are in credit, you can ask for a refund.

> You can pause the payments for up to 6 months if you need to.

WHO CANNOT USE IT

0 arrears

You have to be up to date with the payments from your last Self Assessment bill. If you have already missed one, this plan does not open for you — that route is Time to Pay instead.

> Self Assessment only. It does not cover VAT, PAYE or Corporation Tax.
