VAT · REGISTRATION THRESHOLD

£90,000 — but over which 12 months?

Not the tax year and not the calendar year. It is the last 12 months, recalculated at the end of every month.

THE BACKWARD LOOK

£90,000

Once taxable turnover for the last 12 months passes £90,000, you have **30 days** from the end of that month to register.

> Registration takes effect from the first day of the second month after you went over.

THE FORWARD LOOK

30 days

If you expect to pass £90,000 **in the next 30 days**, register before that period ends.

> Here the effective date is the day you realised, not the day turnover crossed.

COMING BACK OUT

£88,000

You can apply to deregister if you expect the next 12 months under £88,000.
