LIMITED COMPANY · DEADLINES

A company has four deadlines, not one.

Most people expect one filing a year. A company has four deadlines, in two different places — and the payment falls due before the return.

THE THREE DATES SET BY YOUR YEAR END

9+1

Corporation Tax: **9 months and 1 day** after the accounting period ends. Accounts at Companies House: **9 months** after the year end. Company Tax Return: **12 months**.

> Year ending 31 December 2026: accounts by 30 September 2027, payment by 1 October 2027, return by 31 December 2027.

WHO DOES NOT HAVE THESE DATES

0

A sole trader has none of them — Self Assessment instead, due 31 January, plus quarterly updates if Making Tax Digital applies.

> No company is excused: you file after a loss and even if it never traded. And a missed confirmation statement, due every 12 months, can get the company struck off.

LIMITED COMPANY · DEADLINES

Not sure which date is next?

Send us your company's year end and we will set out all three deadlines. No obligation.
